

# JOEL ASSAGOU

## Profile

I am passionate front-end developer dedicated to crafting immersive and engaging digital experiences. With a strong foundation in HTML, CSS, and JavaScript, I'm driven by the art of turning design concepts into functional and interactive websites. My journey in web development has led me to explore modern front-end framework like React , enabling me to build dynamic user interfaces and seamless interactions.

## Skills

- Proficient in HTML5, CSS3, and JavaScript ES6+
- Experience with React
- Responsive and mobile-first web design
- Cross-browser compatibility and performance optimization
- Version control with Git/GitHub
- UI/UX design principles and collaboration with designers
- Familiarity with Restful API and asynchronous programming
- Understanding of back-end development and API
- WordPress junior developer
- Bootstrap - Chakra UI - SASS - Tailwind

## PROFESSIONAL EXPERIENCE

- **JUNIOR FRONT-END DEVELOPER FREELANCE started October 2023 current**
- Collaborated with cross-functional teams to develop and implement user-centred features for web applications.
- Translated design mock-ups and wire-frames into interactive and responsive web pages.
- Utilized React to build reusable components, resulting in improved development efficiency.

- **JUNIOR FRONT-END DEVELOPER INTERN AT ESOKO started APRIL 2023 current**

- Worked closely with back-end developers to integrate front-end and back-end functionality seamlessly.
- Developed and maintained responsive web pages using HTML, CSS, and JavaScript.
- Collaborated with design teams to implement UI/UX enhancements for a more intuitive user experience
- Conducted code reviews and provided constructive feedback to team members.
- Improved website load times by optimizing images and implementing lazy loading techniques.
- Participated in daily stand-ups and sprint planning meetings to ensure timely project delivery.

## EDUCATION
